## WHAT IS PSYCHOLOGY?

Applied research, on the other hand, seeks answers to immediate practical problems. A basic researcher, for exam-ple, might try to develop a theory about how people process written language as they read. An applied researcher in the same field, however, would be more likely to study which techniques are most

effective in teaching people to read.

Mortgage advice - Chartered Insurance Institute

Section A consists of 100 multiple choice questions. A multiple choice question consists of a problem followed by four options, labelled A, B, C and D, from which the candidate is asked to choose the correct or best response. Each question contains only one correct response to the problem posed. One
