Burning Hearts Marci Bolden 2019-10-29 After a spycam is discovered in a secure community, the homeowners association hires HEARTS to track down the culprit. Investigator Eva Thompson fits the description of every victim so far and volunteers to move into a vacant condo to draw out the suspect from within. But until they know what's behind the peeping, no one feels safe sending Eva as a decoy alone. Joshua

Simmons is Eva's ex and the one man she can't quite escape. As the county medical examiner, he frequently consults with HEARTS and cases—and uses that connection to keep close to the woman he's still not over. When Eva needs a fake husband to work alongside her as a decoy, Josh agrees on one condition: that Eva won't do anything to put herself in harm's way. Living together stirs up old feelings and old passions. And while Eva and Joshua try to sort out their demons, a voyeur is on the loose and getting braver by the day.

Seeing Stars J. Sterling 2014-03-13 Madison Myers is a hard working assistant to one of LA's top talent agents. his concerts and serenades her in front of thousands of screaming fans, all bets are off. She doesn't want to give in to his charms, but Walker is relentless... and keeping a secret of his own. A secret that changes everything between them. Come fall in love with Walker & Madison in *Seeing Stars*. *Hart Attack* Cristin Harber 2014-11-18 Outside of Titan Group, there are few people that Roman Hart would die for. He's a soldier, a protector, and he's haunted that one of the people he should've been able to protect didn't let him. That was years ago, and now a hardened heart and a cocky attitude are his impenetrable shields, until one woman—one challenge—drives him to distraction. On the outside, Beth Tourne has it all. Luxury car, gorgeous condo, and a job partying with the rich and famous. It's a plush CIA cover, but she wants more. Anything for an adrenaline rush that

can override her guilty numbness and let her forget the tragedy she never saw coming. Their scars make them perfect operatives. Their mirrored pasts give them deep, wounded reasons to stay alone. But the more they ignore the tension, the more vulnerable they become. Survival means trust. In one another, behind closed doors, and on the job. The only way they're making it out alive is if they find peace while waging a war. Biotechnology Heinrich Klefenz 2002-04-22 This volume focuses on pharmaceutical biotechnology as a key area of life sciences. The complete range of concepts, processes and technologies of biotechnology is applied

in modern industrial pharmaceutical research, development and production. The results of genome sequencing and studies of biological-genetic function are combined with chemical, micro-electronic and microsystem technology to produce medical devices and diagnostic biochips. A multitude of biologically active molecules is expanded by additional novel structures created with newly arranged gene clusters and bio-catalytic chemical processes. New organisational structures in the co-operation of institutes, companies and networks enable faster knowledge and product development and immediate application of the results of research and process development. This book is the ideal source of information for scientists and engineers in research and development, for decision-makers in biotech, pharma and chemical corporations, as well as for research

of them needs help figuring out any of life's major puzzles, like figuring out why getting what you always thought you wanted isn't all it's cracked up to be. They might constantly rub each other the wrong way (except for when they rubbed each other really-really right), but there is no denying they've always made one hell of a great team. For Ry, he thought he had the perfect girl, the one who was going to run headfirst into a meticulously and methodically planned future. He was going to marry young and have the same kind of legendary, life-long romance his parents did... or so he believed. His girl was going to stand by his side as he chased his dream of being a professional football player all the way to the NFL. He was wrong. Now, Ry's gotta figure out the difference between a bruised heart and a broken one, and the only person who can teach him the difference

is Bowe. Bowe always felt like she had to run before she learned to walk to keep up with her father's musical legacy. He's her hero, and she wants nothing more than to make him proud. Bowe's about to figure out that maybe she wasn't meant to be in a rock and roll band and that it is entirely possible she let her father's dream and road to success cloud her own idea of what making music should be. Bowe needs to find her own way to fame, and there's a good chance she wouldn't be brave enough or bold enough to start over if Ry Archer hadn't pushed his way back into her life when she least expected it. Some days they're enemies. Some days they're lovers. For a while, they were strangers. But now, it feels more like they might've always been soulmates. At the end of the day, both will realize that letting go of an old dream and creating a new one is much easier to do with the right person by your

Sweet Girl Cristin Harber 2014-07-07 Nicola Hart grew up under the heels of her older brother and his sexy best friend, Cash Garrison. Years of ignoring her spark with Cash has transformed their friendship into a slow burning sizzle. One night with him could ruin everything ... or could be more than she ever dreamed. Cash has tried to ignore her for years: those innocent eyes and her smile that screams kiss-me-if-you-dare. But when his hard partying ways get old and everyone at school is interested in Nicola, it's time to stake a claim. To make Nicola his girl, no matter the risks, and hold the hand of the one he really loves.

Indirection Gregory Ashe 2021-03-17 Rabid readers. Backbiting authors. A romance convention from hell. Shaw Aldrich and his best friend, boyfriend, and partner, North McKinney, are doing great, thanks. The

aftermath of their search for the Slasher has finally settled down. Their private investigation agency is thriving. And after years of missed opportunities, they're finally together. Sure, work might be taking up every spare minute, and their time together as a couple might have evaporated-but that's normal, right? When an author asks for their help investigating threats against a gay romance convention, Shaw sees an opportunity to shake up their routine and maybe have some fun. But the convention isn't what he expects. Between the rabid fans and the backbiting authors, the death threats-which seem totally baseless-are the least of North and Shaw's worries. Until, that is, a bestselling author is poisoned in the middle of a panel. Then Shaw and North must race against the clock to find the killer before he (or she) escapes-and before the convention ends. But romance authors are more

complicated than either North or Shaw expects, and a treacherous web knits the suspects together. Shaw and North will have to unravel a skein of lies and half-truths to uncover the killer. It doesn't help that, on top of everything else, Shaw just wants to find his next favorite book-and, if it isn't asking too much, have sex with North at least one more time in his current incarnation. Indirection is the first book in a follow-up series; read North and Shaw's first adventures in The Borealis Investigations, beginning with Orientation.

Bishop's Queen Cristin Harber 2016-10-25 "I can't shake the feeling that somebody's watching me." One second Ella Leighton's life was normal—the next, not so much. A social media maven who made her living saving sea turtles, the decision to join a reality TV show was a good one for the cause. But for her... the adjustment wasn't easy. Her publicist used phrases like online personality. An overnight celebrity. Everyone explained that was why she couldn't shake the feeling. But none of their excuses could explain the letters. The pictures. And then her stalker crossed the line, triggering the demand for security. Bishop O'Kane didn't expect to come face-to-face with his ex-girlfriend when Titan sent him on bodyguard duty. The woman he once loved, the same one he walked away

from years ago, was now his responsibility. Opposites in every way, they couldn't be more different, but maybe they had never needed each other more. With the FBI falling short in their investigation, the Titan team must rally around the woman with millions of followers, protecting her from her own as Bishop and Ella forge a path of second chances and forgiveness, unburying the past in order to survive. the supernatural abilities of such characters as Superman, Magneto, and Spider-Man. Jax Cristin Harber 2017-10-10 Seven is an enigma. A motorcycle club princess. The daughter of a notorious gangster. The best friend of the deputy mayor. A coffee shop owner. The single mom of two young, adopted children. She's colorful, in every way possible—from her attitude to her piercings and bright pink hair—and she's a woman on a mission with the power to help broker a clean break between a powerful motorcycle club and a South American drug cartel. But not all players are ready for the game to change, including the ones she can't see like the CIA. Jax Michaelson has a bad attitude and a good shot. The former Navy SEAL has been on Titan's problem list for running his mouth since the day he showed up for work, but he does a hell of a job, and they'd never let him go. Call him

cocky, that's fine, because then you'd have to admit he's the best at anything and everything—except diplomacy. When Titan is forced into the seedy drug world filled with cartel glitz and Harley-riding MCs, Seven and her family become an unexpected bargaining chip right after she and Jax find a way to stand each other—in bed. Will friends become lovers? Or are they too far gone to be opposites that attract? Is Jax nothing but a bad boy who leaves her hoping for a military hero when the burden of living as Mayhem royalty backfires and her children disappear.

Most striking of all are a beautiful string of pearls and a magnificent portrait of Marthe painted by the Italian artist Giovanni Boldini. As Marthe's tale unfolds, like velvet itself, stitched with its own shadow and light, it helps to guide Solange on her own path. Inspired by the true account of an abandoned Parisian apartment, Alyson Richman brings to life Solange, the young woman forced to leave her fabled grandmother's legacy behind to save all that she loved.

Colby Winters, an elite member of The Titan Group, has a single objective on his black ops mission: recover a document important to national security. It was supposed to be an easy in-and-out operation. But now, by any means necessary becomes a survival mantra when he faces off with a stunning woman he can't leave behind. When Titan's safe houses are compromised, Colby stashes Mia at his home.

As hours bleed into fear-drenched days, Colby races across the globe and through a firestorm of bullets to save the woman he can't live without. GARRISON'S CREED Nicola is an injured CIA agent on the run from a failed undercover operation. Her escape plan shatters when she slams into the man who buried her a decade ago. Cash Garrison. Her first and only love. Now, sexier than her best memory and cradling a sniper's rifle, he has questions she can't answer. Why was she alive? And armed? Cash is an elite member of a black ops organization, The Titan Group. He thought Nicola died his senior year of college and swore off love to focus on a decade of military missions. But when she shows up behind enemy lines, bleeding out and

wielding a weapon, his heart and mind are unsure how to proceed. Titan and the CIA join forces to uncover a mole hidden in a network of international terrorists and homegrown mobsters, teaming Cash and Nicola again. When disaster strikes, Nicola's hidden past makes her the hunted target and Cash's best kill shot may not be enough to save them. WESTIN'S CHASE Jared Westin knows his reputation and likes it. He gets the job done. No emotion. No baggage. That's why his elite ops company, The Titan Group, is better than the best. They complete projects classified as mission impossible. And then, in walks a woman as tough as she is sexy. His counterpart in every way, should he choose to admit it. Ousted undercover ATF agent Lilly Chase only answers to "Sugar." Jared is the only man who can see past her leather-and-lipstick demeanor, and that revelation is terrifying. She was fired for helping Titan

on a questionable arrest she should've ignored, then partnered with Jared's rival on an assignment in Afghanistan. Saving Sugar isn't a normal rescue operation. It pits Titan against its rival, Jared against his nemesis. Chasing Sugar's heart isn't a simple task, either. She fights him, fights them, always ready to run. Jared must risk his life to save her--the woman whose bravado and surprising sweetness has given him the one thing he never had. Love. GAMBLED Brock Gamble's epic fall from the Titan Group labeled him a traitor, then his wife walks out the door. Can the couple survive if the only chance of redemption is a fall further into a world of guns and kidnappings? CHASED Jenny Chase and Asher McIntyre: can two hearts on opposite career paths survive while Asher's enemy seeks to destroy them both?
